## Mission

In order to maximize the effective and efficient use of Brookline's on- and off-street parking

resources for the mutual benefit of local businesses, residents, and visitors, the Board of Selectmen are convening a Parking Committee. This committee is charged with conducting a comprehensive review of policies and regulations related to parking (other than the year-round ban on overnight on-street parking).

The committee will review current parking requirements in the Town's zoning by-laws, the , management of on-street and publicly-owned parking, the enforcement of public parking regulations, and the role of Town departments, Boards and Commissions, and other bodies related to parking.

A twelve-month timeframe is envisioned. During this period, the Parking Committee will provide periodic updates to the Board of Selectmen, the Transportation Board, the Zoning By-Law Committee, and other Town bodies. The work of the Committee will require a coordinated undertaking by Town staff including Planning, Transportation, and enforcement officials.
